OVERVIEW:

-20~10°C

PORTABLE

❄️ With a -20°C compressor for cooling, it can quickly chill beverages to a suitable drinking temperature within 3 minutes. You can enjoy cold drinks anytime while driving. The energy-saving design combines practicality, enhancing travel comfort and convenience.

❄️ A small refrigerator that can be carried on the back, can be carried on one shoulder or by hand, suitable for daily picnics and camping trips. It is lightweight and easy to carry, with a detachable shoulder strap design, making it more portable outdoors and easier to move around.
